

## Sound Tracks

a drama and music project for adults at Edge Hill Station

**The Suitcase Ensemble** is a Liverpool-based theatre collective who create original and imaginative artistic experiences.

In September 2010, we are launching a weekly drama group for adults living in Picton, Kensington and Fairfield, Central, Princes Park, Greenbank and Wavertree wards.

This unique creative project will take place once a week in the newly refurbished community arts facility **Metal @ Edge Hill Station**. Working with professional practitioners, participants will explore a range of artistic approaches and create a brand new performance based on the theme 'new journeys'.

## Free workshops for local groups

Between June and August we are offering free workshops to groups who are either based in or working with adults who live in the areas we are targeting. Workshops can have a drama, music, dance or design focus, and will be designed to provide a 'taster' of the project we are launching in September.

To be eligible for a free workshop, groups must:

- Be based in, or be providing services to adults who live in, Picton, Kensington and Fairfield, Central, Princes Park, Greenbank or Wavertree wards
- Be able to guarantee a minimum of 18 participants (possibly by partnering up with another group)
- Be able to provide a suitable space for the workshop

Workshops can take place throughout the week, during daytime or evening.

To apply for one of our limited number of free workshops, please complete the enclosed form.

For more information about the project, contact Tessa on 07904 104739 or email [tessa@suitcase-ensemble.com](mailto:tessa@suitcase-ensemble.com)
